DISCLOSURES  (June 26, 2013)

REPORTED PLACEMENT RATES

The chart below summarizes information reported in the College’s 2012 Campus Accountability Report to its accrediting agency, the Accrediting Council for Independent Colleges and Schools. The Report, filed in November 2012, covers the period from July 1, 2011 to October 31, 2012 and is accompanied by verifiable documentation.

“Placement” here refers to employment in the field for which the graduate’s education has prepared him or her, or in a related field which requires substantial application of the skills and knowledge taught in the curriculum. The campus rate below is followed by the rate for each program offered at the campus. If a program had no graduates during the reporting period, placement is reported below as not applicable (NA). Programs in which there were no students enrolled during the period are not included.

The Accrediting Council for Independent Colleges and Schools does not require institutions to report placement for graduates who are not available for placement due to continuing education, active military duty, visa restrictions, or pregnancy, death, and health-related circumstances.

The placement rate is determined by dividing the number of available graduates placed by the total number of available graduates. Further information pertaining to the employment of graduates may be obtained from the College’s Office of Career Services.

Data are those reported by the College in the Integrated Postsecondary Education Data System (IPEDS)

IPEDS GRADUATION RATE

Beckfield College Florence, KY Campus Overall Graduation for Students Who Began Their Studies in Fall 2006 = 36%

Beckfield College Tri-County Cincinnati, OH Campus Overall Graduation for Students Who Began Their Studies in Fall 2009 = 12%

The overall graduation rate is also known as the “Student Right to Know” or IPEDS graduation rate. It tracks the progress of students who began their studies as full-time, first-time degree- or certificate-seeking students to see if they complete a degree or other award such as a certificate within 150% of “normal time” for completing the program in which they are enrolled.

Some institutions also report a transfer-out rate, which is the percentage of the full-time, first-time students who transferred to another institution.

Note that not all students at the institution are tracked for these rates. Students who have already attended another postsecondary institution, or who began their studies on a part-time basis, are not tracked for this rate.

WITHDRAWAL, REFUNDS AND RETURN OF FEDERAL FINANCIAL AID

A student who wishes to officially withdraw from the College must first contact his or her Academic Dean for advisement as to the process of withdrawal. The student is also required to complete financial aid exit forms provided by the Office of Student Financial Services. Information on tuition refunds for students who withdraw from the College appears below, under REFUND POLICY. Students should complete all necessary withdrawal paperwork in a timely manner.

A student absent from all of his or her classes for a period of 21 consecutive calendar days during which classes or examinations are in session will be regarded as having withdrawn from the College and will receive a grade of W or WF for each course in which he or she is enrolled. The student’s last recorded date of attendance will be used in determining any applicable adjustment to the student’s funding. A student withdrawn for ceasing to attend will not be permitted to re-enroll in any subsequent quarter without discussing academic progress with his or her Academic Dean or designated academic advisor and will be subject to a re-entry fee upon re-enrollment. This policy does not apply to a student during an approved leave of absence.

Students returning to the College after a withdrawal or dismissal will be required to meet the requirements of any program modifications which may have occurred during their absence.

REFUND POLICY

Florence, KY Campus: The refund policy applies to all students who withdraw, or are dismissed, from all courses after the beginning of the quarter. All refunds are based on the charges for the particular quarter, not on charges for the program. Refunds will be made within 30 days of the date of determination of a student’s withdrawal or dismissal. The refund policy applies only to tuition. Fees are non-refundable except in the case of written notice of cancellation of enrollment.

</tr>
</tbody>
</table>
Appeals of refund determinations may be addressed in writing to the Corporate Director of Student Financial Services.

Tri-County Cincinnati, OH Campus: If the student is not accepted into the program, all monies paid by the student shall be refunded. Refunds of tuition and refundable fees shall be made according to the following provisions:

1. A student who withdraws before the first class and after the five-day cancellation period shall be obligated for the registration fee.
2. A student who starts classes and withdraws during the first full calendar week of the quarter shall be obligated for twenty-five percent of the tuition and refundable fees for that quarter plus the registration fee.
3. A student who withdraws during the second full calendar week of the quarter shall be obligated for fifty percent of the tuition and refundable fees for that quarter plus the registration fee.
4. A student who withdraws during the third full calendar week of the quarter shall be obligated for seventy-five percent of the tuition and refundable fees for that quarter plus the registration fee.
5. A student who withdraws during the fourth full calendar week of the quarter and thereafter shall not be entitled to a refund of any portion of the tuition and fees.

The refund policy applies to all students who withdraw, or are dismissed, from all courses after the beginning of the quarter. All refunds are based on the charges for the particular quarter, not on charges for the program. Refunds will be made within 30 days of the date of determination of a student’s withdrawal or dismissal.

Appeals of refund determinations may be addressed in writing to the College’s Corporate Director of Student Financial Services.

RETURN OF FEDERAL TITLE IV STUDENT FUNDS

When a student withdraws from the College, a tuition percentage will be determined based on the return of Title IV funds regulations. The Office of Student Financial Services determines the return of Title IV funds percentage and informs the Registrar. Institutions are required to determine the percentage of Title IV aid “earned” by the student and to return the unearned portion to the appropriate aid program. This percentage is determined by the percentage of the enrollment period completed by the student. In determining the percentage, the College will:

- Determine the percentage of the enrollment period completed by the student (Days Attended ÷ Days in Enrollment Period = Percentage Completed). If the calculated percentage exceeds 60%, then the student has “earned” all Title IV aid for the enrollment period.
- Apply the percentage completed to the Title IV aid awarded to determine the student’s eligibility for aid prior to the withdrawal (Total Aid Disbursed x Percentage Completed = Earned Aid).
- Determine the amount of unearned aid to be returned to the appropriate Title IV aid program (Total Disbursed Aid – Earned Aid = Unearned Aid to be Returned). If the aid already disbursed equals the earned aid, no further action is required. If the aid already disbursed is less than the earned aid, a late disbursement will be made to the student. If the aid already disbursed is greater than the earned aid, the difference must be returned to the appropriate Title IV aid program.
- Distribute the responsibility to return funds between the institution and the student. If the type of aid that the student is responsible for returning is a loan, the student is not required to immediately repay the amount as the grace period for the loan, generally six months, is invoked. The Office of Student Financial Services will determine if any grants must be repaid by the student. Any refund or repayment obligation will be clearly outlined for the student in writing.
- Return the Title IV aid, based on the type of aid disbursed, in the following order:
  1. FFEL/Direct Unsubsidized Stafford Loan
  2. FFEL/Direct Subsidized Stafford Loan
  3. FFEL/Direct PLUS (parent) Loan
  4. Federal Pell Grants
Examples regarding the application of the Return of Title IV Funds policy are available in the Office of Student Financial Services.

The return of funds required under this policy is made to the Title IV aid programs within 30 calendar days after the date of determination of withdrawal or dismissal. Students will receive a written notice of any federal funds returned by the College and an invoice for any balance owed to the College.

Applicants and students may obtain information about institutional and Title IV financial assistance programs by contacting the College’s Corporate Director of Student Financial Services at panettleton@beckfield.edu.

**EDUCATIONAL PROGRAMS**

**Bachelor of Business Administration (Florence, KY Campus only)**

Program Length 180 quarter credit hours, 15 quarters. Students select an option in either Business Administration or Hospitality Administration.

What is the total cost of the Bachelor of Business Administration program?

The cost displayed below assumes that
1) The student remains enrolled full-time
2) No developmental courses are required,
3) No courses are credited by transfer or proficiency, and
4) No courses must be repeated because of failures or withdrawals.

How much student loan debt does a typical graduate have to repay after graduation?

The median loan debt of the program’s graduates is defined as the midpoint of all graduates’ loan debts upon graduation. For those who graduated between July 1, 2011 and June 30, 2012,

Department of Education privacy regulations determine that there were too few graduates during the July 1, 2011—June 30, 2012 period to report median loan debt.

What percent of graduate completes the program in the normal time frame as published in the catalog?

A continuously enrolled full-time student who successfully completes all of his or her courses will normally complete this program in 15 quarters. The time normally required for program completion may be reduced through courses credited by transfer or proof of proficiency, or extended by course failures and withdrawals, institutional withdrawals, leaves of absence, developmental courses, change of enrollment status from full-time to part-time, and change of program or change of an elective option within a program.

Department of Education privacy regulations determine that there were too few graduates during the July 1, 2011—June 30, 2012 period to report.

What percent of graduates found employment related to their field of study?
Placement is reported in the campus’ Campus Accountability Report to the Accrediting Council for Independent Colleges and Schools. The most recent Report covers the period July 1, 2011 to October 31, 2012.

“Placement” refers to employment in the field for which the graduate’s education has prepared him or her, or in a related field which required substantial application of the skills and knowledge taught in the curriculum.

The placement rate is determined by dividing the number of available graduates placed by the total number of available graduates. The Accrediting Council does not require institutions to report placement for graduates who are not available for placement due to continuing education, active military duty, visa restrictions or pregnancy, death, and health-related circumstances. Further information pertaining to the employment of graduates may be obtained from the College’s Office of Career Services at CareerServices@beckfield.edu.

For those who graduated from the program between July 1, 2011 and June 30, 2012 the career placement rate was 100%.

The Classification of Instructional Programs (CIP) code for this program is 31.0505.

**Associate of Applied Science or Applied Business Administration**

Program Length 96 quarter credit hours, 8 quarters.

What is the total cost of the Associate Degree program in Business?

The cost displayed below assumes that
1) The student remains enrolled full-time
2) No developmental courses are required,
3) No courses are credited by transfer or proficiency, and
4) No courses must be repeated because of failures or withdrawals.

| Est. Tuition: | $32,160 ($335 per credit hour) |
| Est. Fees:    | $ 1,531                       |
| Est. Cost of Books: | $ 3,500              |
| Est. TOTAL    | $37,191                       |
How much student loan debt does a typical graduate have to repay after graduation?

The median loan debt of the program’s graduates is defined as the midpoint of all graduates’ loan debts upon graduation.

<table>
<thead>

<tbody>
<tr>
<td>4 of 12 graduates (33%) completed in no more than 8 quarters.</td>
<td>Too few graduates to report.</td>
</tr>
</tbody>
</table>

What percent of graduates found employment related to their field of study?

Placement is reported in the campus’ Campus Accountability Report to the Accrediting Council for Independent Colleges and Schools. The most recent Report covers the period July 1, 2011 to October 31, 2012.

“Placement” refers to employment in the field for which the graduate’s education has prepared him or her, or in a related field which required substantial application of the skills and knowledge taught in the curriculum.

The placement rate is determined by dividing the number of available graduates placed by the total number of available graduates. The Accrediting Council does not require institutions to report placement for graduates who are not available for placement due to continuing education, active military duty, visa restrictions or pregnancy, death, and health-related circumstances. Further information pertaining to the employment of graduates may be obtained from the College’s Office of Career Services at CareerServices@beckfield.edu.

For those who graduated from the program between July 1, 2011 and June 30, 2012 the career placement rate was.

Further information pertaining to occupational requirements and opportunities for graduates of this program is available at 
http://www.onetonline.org/link/summary/29-1141.00

The Classification of Instructional Programs (CIP) code for this program is 51.3801.

**Associate of Applied Science Nursing** (Two Step Program - LPN & RN upon Licensure)

10 Quarter Program *(30 months of instruction)* - **TWO STEP Process**

**Diploma:**  Practical Nursing (Step ONE)
- 5 Quarter Program (15 months)

The cost displayed below assumes that
  1) The student remains enrolled full-time
  2) No developmental courses are required,
3) No courses are credited by transfer or proficiency, and
4) No courses must be repeated because of failures or withdrawals.

Est. Tuition $17,885.00 ($240 per credit hour)
Est. Fees $2,247.00
Est. Cost of Books $2,003.00
Est. TOTAL $22,135.00

Q: How much student loan debt does a typical graduate have to repay after graduation?
A: The program had no graduates during the timeframe July 1, 2011 to June 30, 2012.

The median loan debt of the program’s graduates is defined as the midpoint of all graduates’ loan debts upon graduation.

**Associate of Applied Science: Nursing (LPN to pre-RN) (Step TWO)**
- 5 Quarter Program (**15 months**). Based on transcript review, 2 quarters of prerequisite courses may be necessary.
- Currently Licensed Practical Nurses (LPN) may enter the program as late as the sixth quarter (Step TWO), depending upon the amount of previous coursework accepted.

Q: How much will this program cost?
A: Below is the institution tuition cost for Step Two of the program for a full time student completing the entire program in normal time. All tuition and fees are subject to change.

Est. Tuition $21,775.00 ($335 per credit hour)
Est. Fees $2,337.00
Est. Cost of Books $2,180.00
Est. TOTAL* $26,292.00

*Students coming in for Step Two only may incur additional costs for tuition, fees and books to complete general education course requirements. Tuition includes the cost of the courses needed to meet the graduation requirements for all programs within the same area of study.

Tuition is generally adjusted once a year; the date of that adjustment may vary, depending upon the program. The tuition costs shown are accurate as of January 2013.

Students who transfer credits from other institutions or successfully test out of courses will see a corresponding reduction in their tuition costs.

**Median Debt:**
Q: How much student loan debt does a typical graduate have to repay after graduation?
A: The program had no graduates during the timeframe July 1, 2011 to June 30, 2012.

The median loan debt of the program’s graduates is defined as the midpoint of all graduates’ loan debts upon graduation.

**Program Success**
Q: What percent of graduates completes the program in the normal time frame as published by the catalog?
A: The program had no graduates during the timeframe July 1, 2011 to June 30, 2012.

A continuously enrolled full-time student who successfully completes all of his or her courses will normally complete this program in 11 quarters. The time normally required for program completion may be reduced through courses credited by transfer or proof of proficiency, or extended by course failures and withdrawals, institutional withdrawals, leaves of absence, or change of enrollment status from full-time to part-time.

Q: What percent of graduates found employment in their field or a related field?
A: The program had no graduates during the timeframe July 1, 2011 to June 30, 2012.

Placement is reported in the campus’ Campus Accountability Report to the Accrediting Council for Independent Colleges and Schools. The most recent Report covers the period from July 1, 2010 to June 30, 2011.

“Placement” refers to employment in the field for which the graduate’s education has prepared him or her, or in a related field which requires substantial application of the skills and knowledge taught in the curriculum.

The placement rate is determined by dividing the number of available graduates placed by the total number of available graduates. The Accrediting Council does not require institutions to report placement for graduates who are not available for placement due to continuing education, active military duty, visa restrictions, or pregnancy, death, and health-related circumstances.

Further information pertaining to the employment of graduates may be obtained from the College’s Office of Career Services at careerservices@beckfield.edu.

Q: How can I find out more about this career?
A: Further information about occupational requirements and opportunities for graduates of this program is available at http://www.onetonline.org/link/summary/29-1141.00.

The Classification of Instructional Programs (CIP) code for this program is 51.3801.

**Associate of Applied Science Paralegal Studies**

Program Length 96 quarter credit hours, 8 quarters.

Graduates of the Legal Nurse Consulting option of the program must pass the certification examination of the American Legal Nurse Consultant Certification Board in order to hold certification as a Legal Nurse Consultant Certified (LNCC). To be eligible to take the examination, the candidate must have, when applying for the examination,

- Current, full and unrestricted licensure as a registered nurse in the United States or its territories.
- At least five years of experience of practice as a registered nurse
- Evidence of at least 2000 hours of legal nurse consulting experience within the previous three years

What is the total cost of the Associate Degree program in Paralegal Studies?
The cost displayed below assumes that
1) The student remains enrolled full-time
2) No developmental courses are required,
3) No courses are credited by transfer or proficiency, and
4) No courses must be repeated because of failures or withdrawals.

Est. Tuition: $32,160 ($335 per credit hour)
Est. Fees: $1,531
Est. Cost of Books $3,800
Est. TOTAL $37,491

How much student loan debt does a typical graduate have to repay after graduation?

The median loan debt of the program’s graduates is defined as the midpoint of all graduates’ loan debts upon graduation. For those who graduated between July 1, 2011 and June 30, 2012,

What is the total cost of the Certificate program in Addictions Counseling?

The cost displayed below assumes that
1) The student remains enrolled full-time
2) No developmental courses are required,
3) No courses are credited by transfer or proficiency, and
4) No courses must be repeated because of failures or withdrawals.

Est. Tuition: $10,720 ($335 per credit hour)
Est. Fees: $ 721
Est. Cost of Books $ 900
Est. TOTAL $12,341

How much student loan debt does a typical graduate have to repay after graduation?

The median loan debt of the program’s graduates is defined as the midpoint of all graduates’ loan debts upon graduation. For those who graduated between July 1, 2011 and June 30, 2012, Department of Education privacy regulations determine that there were too few graduates during the July 1, 2011—June 30, 2012 period to report median loan debt.

What percent of graduate completes the program in the normal time frame as published in the catalog?

A continuously enrolled full-time student who successfully completes all of his or her courses will normally complete this program in 3 quarters. The time normally required for program completion may be reduced through courses credited by transfer or proof of proficiency, or extended by course failures and withdrawals, institutional withdrawals, leaves of absence, developmental courses, change of enrollment status from full-time to part-time, and change of program or change of an elective option within a program.

Department of Education privacy regulations determine that there were too few graduates during the July 1, 2011—June 30, 2012 period to report.
What percent of graduates found employment related to their field of study?

Placement is reported in the campus’ Campus Accountability Report to the Accrediting Council for Independent Colleges and Schools. The most recent Report covers the period July 1, 2011 to October 31, 2012.

“Placement” refers to employment in the field for which the graduate’s education has prepared him or her, or in a related field which required substantial application of the skills and knowledge taught in the curriculum.

The placement rate is determined by dividing the number of available graduates placed by the total number of available graduates. The Accrediting Council does not require institutions to report placement for graduates who are not available for placement due to continuing education, active military duty, visa restrictions or pregnancy, death, and health-related circumstances. Further information pertaining to the employment of graduates may be obtained from the College’s Office of Career Services at CareerServices@beckfield.edu.

For those who graduated from the program between July 1, 2011 and June 30, 2012 the career placement rate was.

| Florence, KY Campus: N/A | Tri-County Cincinnati, OH Campus: 75% |

**FACULTY**

**ACADEMIC DEPARTMENTS AND FACULTY**

All Beckfield College faculty have been determined to be qualified by their academic credentials to teach the courses assigned to them. Most of the College’s faculty are adjunct (part-time) faculty. Many of these, in addition to their academic qualifications, are currently working, or have worked, in a profession or academic discipline directly related to the courses assigned to them. However, because many adjunct faculty are also employed elsewhere, their employment may limit their availability to the College, and not all may be available to teach in a specific quarter. All faculty are assigned to courses according to their availability and the availability of courses which they are qualified to teach. Questions pertaining to the qualifications of any faculty member should be addressed to the College’s Office of Compliance.

For further information, please refer to the Beckfield College Catalog available on the Student Consumer Information page at www.beckfield.edu or contact the College’s Office of Compliance at compliance@beckfield.edu
