## **Student Emergency Funding Allocation**

All students in a school status of Active during the Spring term, that have been determined eligible for Title IV funds, were sent a Student CARES Grant Acknowledgement & Attestation Form to complete electronically on May 8, 2020. Students who had not completed a FAFSA or whom have been identified as not being eligible for Title IV funds have been contacted separately; we have requested that they complete a FAFSA to determine their eligibility.

The form provides information about the emergency financial grant, including eligibility requirements and areas in which financial support for expenses related to the disruption of campus operations due to the Coronavirus (including education expenses, course materials, technology, food, housing, healthcare and childcare) may be used. We also requested any updated contact information to be used to mail payments. The form requires the student’s signature and attestation that the information provided is correct, and that they understand the purpose for the emergency financial aid grant funds.

Once the completed form was received, students were awarded a total of \$600. Each student was scheduled to receive three (3) payments of \$200 each, paid in three monthly increments as long as they remained active during the payment periods. Students that withdrew or graduated from school will not receive further \$200 payment(s) from the emergency financial aid grant. This process continued until all funds were fully disbursed.

This process of identifying additional eligible new students that were in a school status of Active was repeated during the summer term; these additional students were also sent the Student CARES Grant Acknowledgement & Attestation Form to complete so they could be funded \$200 for the remaining payment period.

In addition to providing funds to all students in a school status of Active, another form Emergency Financial Aid Grants to Students under CARES Act was used to accumulate responses provided by students on extenuating circumstances and need for financial support for expenses related to the disruption of campus operations due to the Coronavirus (including education expenses, course materials, technology, food, housing, healthcare and childcare). This form was sent to all students in a school status of Active that were determined eligible for Title IV funds on June 11, 2020. The College reviewed and analyzed responses provided by students and awarded additional funds

based on each student's scenario. We posted information on this emergency financial aid grant to our website and sent multiple communications to our students to notify them of the availability of these emergency financial aid funds. We began with sending an email from our College President & CEO on April 29, 2020 surrounding upcoming CARES grant availability that was also posted as an announcement in Canvas, our online learning management system. The [Student CARES Grant Acknowledgement & Attestation Form](#) was sent to eligible students on May 8, 2020. The [Emergency Financial Aid Grants to Students under CARES Act](#) was sent to eligible students on June 11, 2020.
